Peer Leader Spotlight

Meet Mackenzie Wisneski, our next Peer Leader Spotlight! Mackenzie has made the most of her UNI honors experience by being so involved! Here are just a few things Mackenzie has been involved in while at UNI:

- Admissions and Recruitment Assistant at the UNI Culture and Intensive English Program
- Activities Assistant at the UNI Culture and Intensive English Program
- Academic Coach through UNI Athletics
- Peer Mentor at the Culture and Intensive English Program
- Tutor for UNI Classic Upward Bound
- Summer Program Assistant for UNI Classic Upward Bound
- Bilingual Research Interviewer for the UNI Center for Social & Behavioral Research

Mackenzie has learned, "...anything is achievable through networking. Being involved around campus as a whole unlocks an entire team of knowledges and opportunities to which connections can be made.

Each Honors student comes from a unique set of interests and involvement that is often promoted and shared among their Honors classmates and team leaders to allow for cross-curricular and cross-cultural partnerships that may be otherwise less likely to encounter outside the Honors program."
